Re: Motion to Intervene: Project P-15056 Ashokan Pumped Storage Project

Dear Secretary Bose:

Pursuant to Rule 214 of the Rules of Practice and Procedure (18 CFR Section 385.214), the Onteora Central School District (“District”) hereby petitions the Federal Energy Regulation Commission (“FERC”) to grant it full party status in the above-captioned proceeding to ensure the public interests of our students and their families are adequately represented. The District serves, among others, the towns of Woodstock and Olive, both of which are located within the designated areas of the proposed project, and would be affected. The outcome of this proceeding stands to have a potentially significant impact on the property tax base of the District, which, in turn, would impact District resources for its students and families. Accordingly, the District has a substantial interest in this matter.

Neither disruption to the proceedings nor any additional burden to any party will result from the granting of this Motion.

In light of the foregoing, the Onteora Central School District respectfully requests that the Federal Energy Regulatory Commission grant this motion to intervene.

Please address all communications and service to:
