Kimberly D. Bose, Secretary  
Federal Energy Regulatory Commission  
888 First Street, NE, Room 1A,  
Washington, DC 20426

Re: **Docket P-15056-000**

**MOTION TO INTERVENE** of **Christina Himberger** for the Premium Energy Holdings, LLC, Project No. 15056

Dear Secretary Bose,

This correspondence is in direct response to the Federal Energy Regulatory Commission (FERC) proposed **Project No. 15056-000**, Ashokan Pumped Storage Project, submitted by Premium Energy Holdings LLC, Walnut, CA. **Christina Himberger** is filing a motion to be an intervener and meets the requirements of 18 CFR 385.214 of the Commission's regulations to be granted full party status.

The basis for intervening is due to the proposed location of the **Stony Clove and Woodland Reservoirs whose tunnels** would mean the potential loss, destruction and long term impacts on my property which borders the Esopus Creek. This part of the Esopus is a destination point for Trout fisherman, native and migrating wildlife, flora and fauna. Therefore, I have substantial interest in the matter for both the public and environmental good. I reside on **1007 Cold Brook Road, Boiceville, NY 12412**. I, Christina Himberger respectfully request that the Federal Energy Regulatory Commission grant this motion to intervene.

Respectfully,

**Christina Himberger**  
**1007 Cold Brook Road**  
**Boiceville, NY 12412**
